TUNA CAN

We've created this guide for you to find BS-free AI solutions to your daily struggles.

We're not trying to replace humans, we're helping them save time on boring stuff at work.

We're sure that if we can make AI helpful, then everyone can. Let's go!

SOFT SKILLS

Here's your list of helpful AIs for people power.

Crystal Uses AI to adapt communication styles and improve interactions.

Grammarly: AI writing assistant for communication clarity.

Chorus.ai Analyzes sales conversations and provides feedback.

NegotiateAI - Negotiates better outcomes and across enterprise contracts.

KlearNow Assists in global trade negotiations with AI insights.

(7)

FINANCE

Try crunchier number crunchers:

Kabbage Provides quick funding solutions with AI-driven assessments.

Xero Features AI for financial reporting and expense management.

Expensify Automates expense reporting with AI.

Fyle AI-based expense management tool.

Zest AI Uses artificial intelligence to improve credit underwriting.

(2)

MARKETING

These folks are already insane, help them with:

HubSpot An AI-powered marketing automation platform for managing campaigns.

Mailchimp Uses AI to optimize email marketing campaigns.

AdEspresso AI-driven tool for optimizing Facebook Ads.

Cortex Uses AI to analyze social media performance.

Smartly.io AI-powered platform for automating social media advertising.

(3)

CREATIVITY

(4)

Our of ideas? Take the creativity pill:

<u>DALL-E</u> AI that generates images from text prompts.

<u>Artbreeder</u> Free tool for creating new art using AI.

<u>RunwayML</u> Creative toolkit with AI-powered features.

<u>Lumen5</u> AI video creation platform.

<u>Canva</u> Includes AI-driven design suggestions.

ANALYTICS

Avoid weird spikes in data depths. Safe travels!

Tableau Provides advanced AI-driven data visualization.

Google Analytics Free tool with AI features for web analytics.

Microsoft Power BI Business analytics service with AI capabilities.

Looker AI-driven business intelligence tool.

Qlik Sense Offers AI for data discovery and visualization.

EVERYTHING

(6)

LITERALLY

Your brain has like... 43 tabs open and zero chill. We get it.

That's where Tuna Can slides in. We help you and your team dump the boring stuff on AI so you can focus on the good vibes (aka the real work).

No extra stress, no new headaches. Just plug-and-play tools that actually help.

We'll even guide you through it all. Hand-holding included. Pinky promise.

Email, DM or stalk us, no pressure. Yes, you Can.
